Q20 Housing and Development. Whilst Shropshire Council is the Planning Authority to decide what development should happen over time in the parish and determine specific applications, the Parish Council and Shropshire Council can seek to respond to the views of the local community in determining policy and in considering any specific proposals that may come forward. Should future development in the parish aim to respond to the following (tick all that apply):

#	OTHER ISSUES (PLEASE SPECIFY)	DATE
1	Provision of homes for school workers	7/9/2019 1:25 PM
2	Muddy roads and water from blocked ditches. Pay local people. To clear rather than contractors, better job will be done.	7/9/2019 12:09 PM
3	Extend the local plan especially in Farden as unfair restrictions for few residents.	7/9/2019 11:55 AM
4	No large scale development of any kind by developers or local landowners. Individual developments should meet the needs of specific individuals in line with parish agreed local connection criteria. Individual new dwellings only considered on a case by case basis by Shropshire Council to remain affordable for perpetuity.	7/9/2019 11:51 AM

5	Farming, country crafts, agricultural employment and pursuits should be encouraged.	7/9/2019 11:44 AM
6	Affordability. Really encouraging young families generally paying high rents and unable to save larger deposits. Parking for the school. New housing.	7/9/2019 11:25 AM
7	On the proviso that they are local. That businesses operated by non local people should not be allowed to expand, not only buildings but extended working hours.	7/9/2019 11:14 AM
8	Any future development that addresses the issues around parking around the school would be very beneficial. I think the village could benefit from a "corner shop / cafe " too.	5/21/2019 12:51 PM
9	Quite happy that no further green-site housing developments are carried out, other than conversions of existing buildings, or farm-building conversions. Very much a NIMBY view !	5/3/2019 12:52 PM
10	Maintaining the spirit of the villages we live in	4/5/2019 9:15 AM
11	A village needs young families to grow and thrive.	4/2/2019 8:51 PM
12	bus service to ludlow that is reliable	3/31/2019 9:18 PM
13	road safety wrt access from development, speed restrictions to restrict speed of new cars etc from new development. All development should have access to railway stations via foot and be restricted to such areas	3/31/2019 5:55 PM
14	No point in providing housing for working families who cannot afford two cars is the occupants are both working, since there is no public transport. Likewise no point in having homes for the elderly. Homes should have enough space for two cars to be parked on their own ground, and not outside on the road.	3/31/2019 12:53 PM
15	We think bitterley is developed enough, any further housing development would risk spoiling the tranquility and attraction of the village.	3/30/2019 10:46 PM
16	Needs to be restricted as otherwise lose the ethos of being a village	3/30/2019 11:54 AM
17	can't say, have tried to get an affordable home for my sons, and the answer is no.	3/28/2019 6:15 PM
18	any development should be within keeping for the area and not overwhelm the locality.	3/27/2019 11:32 AM
19	As I currently drive, I can reach events and activities in Ludlow with no problem, but once that is no longer an option I will have to move out of the village as many have before me. The cost of taxis makes them unviable. A regular bus service would mean I could stay at home. Why can't we have post buses as they do in rural parts of Europe? Then, at least there would be two buses a day.	3/24/2019 6:22 PM
20	I don't believe Bitterley could sustain anymore housing without losing its character.	3/23/2019 6:42 PM

5	Footpaths, a link making use of the old railway line between rocks green and Middleton and on to bitterley. Could be a cycle route as well.	7/9/2019 10:58 AM
6	Cycle paths to Ludlow via the old railway track. Also see above re parking and creating a loop in the field next to the school to improve the congestion and giving the village a central focal point through a village shop. Shropshire Council also really need to step up regarding the buses.	5/21/2019 12:51 PM
7	Village recycling centre	4/25/2019 9:11 PM
8	Definitely broadband improvements!	4/14/2019 3:29 PM
9	Litter bins in laybys	4/5/2019 9:15 AM
10	Recently tried to walk from the village hall and found some footpaths virtually blocked by containers, gates that were very difficult to open and paths badly signposted; also very overgrown in places and in one instance there was no way to cross the stream without a detour away from the path. It really felt as though walkers were not welcome! Need for improved maintenance and waymarking.	4/4/2019 2:52 PM
11	Mains water to all homes in the parish, with government subsidies for those that missed out 70 years ago!	4/2/2019 8:51 PM
12	parking congestion at school	3/31/2019 9:22 PM
13	dog warden to keep dog owners on footpaths under control and prevent dog fouling of foot paths	3/31/2019 5:55 PM
14	No mention of the countryside and the physical character of the village in the questionnaire. One of the attractive features of Bitterly is the number of old houses which make a positive contribution to the local character and sense of place. They should be adopted in a list of heritage assets formally adopted by the local authority, and any of special quality should be considered for national listing if they are not already. Likewise there should be a survey of trees and hedges which should also be appropriately protected. A survey of the existing structures on Clee Hill should be made to assess their possible historic significance and present function. This should be done in conjunction with the Clee Hill commoners association or other relevant local body. Noticeboards drawing attention to the interest of this area would be a benefit. The present notice board near the quarry/lake is poorly maintained.	3/31/2019 12:53 PM
15	The provision of Broadband is a commercial matter and should not, in my opinion, be subsidised out of community funds.	3/28/2019 10:51 PM
16	Public footpaths and bridleways should be signposted and cleared.	3/28/2019 10:56 AM
17	Traffic congestion at the school.	3/26/2019 1:54 PM
18	I think the parish council should do all it can to prevent any further development in the village rather than looking to obtain funds.	3/23/2019 6:42 PM
